## THE BENEFITS OF OUR PRODUCTS ARE PROVEN.

Reinforced concrete pipe offers several distinct advantages:

- ENGINEERED FOR STRENGTH AND LONGEVITY
- ASTM STANDARDS

# OUR STATE'S NEED FOR DEPENDABLE INFRASTRUCTURE IS CRUCIAL.

As the second largest state in the U.S. in terms of square mileage and population, Texas is home to three of the ten largest cities in the U.S. and three more of the top twenty largest cities. With increasing heavy rainfall in many parts of Texas, the state's needs for piping infrastructure, particularly storm drainage, are significant.

**268 MILLION**  
SQUARE FEET, SECOND TO ALASKA

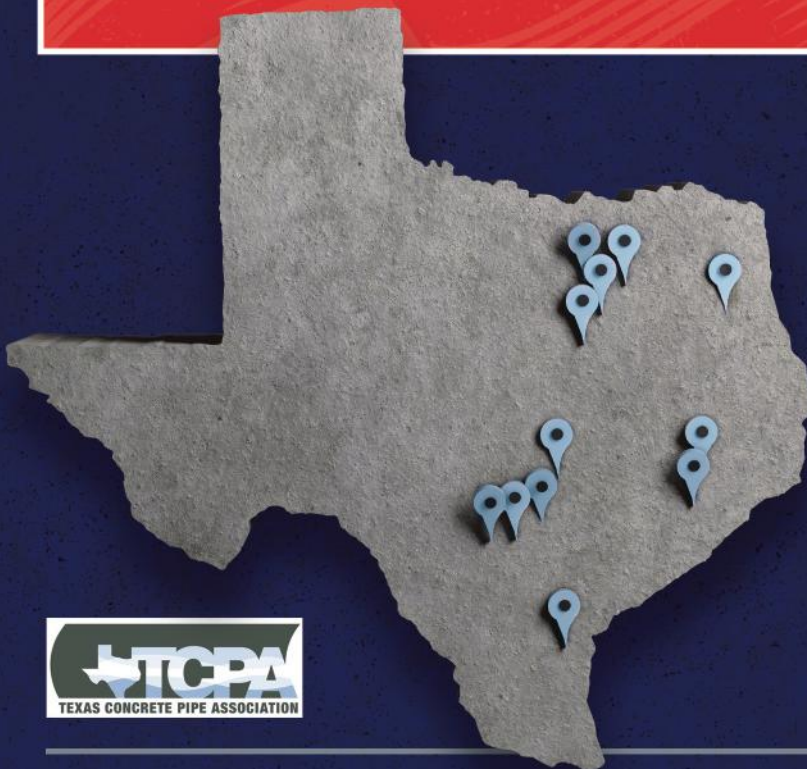

**28.7 MILLION**  
POPULATION, SECOND TO CALIFORNIA

**3 OF THE 10**  
LARGEST CITIES IN THE U.S.

**5 FEET**  
RAINFALL IN MANY PARTS OF TEXAS IN 2018

## OUR LOCAL INDUSTRY IS READY TO MEET THAT NEED.

With producers throughout Texas, the reinforced concrete pipe industry is more than ready to meet the demands of our state's growing population.
